

## **Art in the High Desert 2010**

### **Booth Artist Statement**

We are asking that you write an artist statement for your booth. ***This original Artist Statement, including a photo of you, is to be displayed in your booth during Art in the High Desert.***

This is an opportunity for you to share your “story” with the buying public at the Festival. It can be about your process, how you make your work. What inspires you about working with your media? Something unique about you as an artist. Patrons often take time in our booths to enjoy these personal statements. Sometimes they provoke questions that can initiate dialogue. Those little bits of you as the original artist may stimulate a sale.

Its’ content and form is up to you. While there is no word limit, being concise is a good idea.

*Thank you.*
